

## INTERNATIONAL H<sub>2</sub>-SYMPOSIUM - CALL FOR PAPERS

### 1 Types of papers sought

Participants attending the symposium should prepare papers about their research, either practical or theoretical, original, previously unpublished findings in the field of **hydrogen technologies for a cleaner planet, their opportunities and challenges for sustainable mobility, their technical, environmental, economic and social perspectives, power to gas application and hydrogen related infrastructure development**. Review papers are also welcome if they give a thorough review in a particular field with a gap. All papers will be reviewed by the H<sub>2</sub>Symposium committee. Best papers will be candidates for publication in international journal:

**Energies** JCR IF 2.707 (2018), 5-year IF 2.990 (2018)

**Logistics & Sustainable Transport Journal** Google scholar, DOAJ, Inspec, Ulrichs,...

### 2 Abstract and paper preparation and submission instructions

Authors (corresponding author) willing to present a paper should submit an abstract, between 200-300 words. Abstracts and papers must be written in English.

An abstract is an extremely important part of the paper because it summarizes the entire paper; it is the public's window to your work. Its typical composition should be:

- Motivation for the paper
- Objectives
- What and how it was done
- Major results and conclusions

Template for abstracts / full paper – <https://en.h2student.com/h2student-simpozij>

The abstracts can be submitted online: <https://en.h2student.com/h2student-simpozij>

Please use the following format for your abstract and paper. The application and submission of the abstract should be made online (<https://en.h2student.com/h2student-simpozij>) and final papers should be sent electronically directly to the H<sub>2</sub>Symposium program email: [matevz.obrecht@um.si](mailto:matevz.obrecht@um.si).

### 3 Important dates:

- **22<sup>nd</sup> December 2019** – Deadline for submission of full abstracts
